Safety

It is the policy of Element Enterprises to provide a safe and healthy work environment for the protection of our employees and clients. Even though safety begins and ends with top management, the responsibility is shared throughout the organization. Project managers are responsible for the job sites, and supervisors are accountable for the safety of their groups.

Construction Management Services

Element Enterprises is a turnkey construction company. Our projects range from large scale property or fire rehabs to fixing a patio. At Element we understand that our clients have large scale projects as well as small. Our staff specializes in coordinating your construction issues from start to finish—on time and on budget. The following are some examples of the wide variety of services supplied by Element Enterprises.

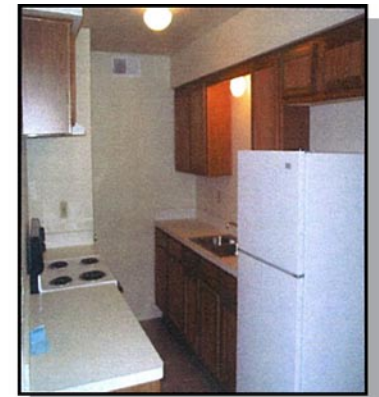

- Fire Rehab
- Budgetary Property Inspections
- Concrete driveways and sidewalk repairs
- Full scale property rehab
- Resurfacing
- Retaining walls and fences
- Roof repairs—both flat and pitched
- Tree trimming
- Pool resurfacing
- Patio and landing repairs
- 24HR-Emergency Services
- Insurance Claim Settlements
- Demo

Mission Statement

Our mission is to provide the highest quality services designed around the specific needs of our client. At Element Enterprises, we understand that dealing with construction issues take time and money. We believe that quality project management will reduce the time and therefore the cost of the project. The staff at Element has conducted numerous construction & environmental projects for small companies, as well as Fortune 500 companies. Element employees have successfully completed projects in Texas, Illinois, Kansas, Oklahoma, New Mexico, Alabama, Arizona and Nebraska. Let Element Enterprises help you manage your projects safely, economically and effectively.
